TCS Healthcare Technologies Releases Upgraded Version of ACUITY Advanced Care™
Three-Part Webinar Series to Explore Premier Case Management Software Suite

Auburn, CA / PRWeb / February 24, 2015 – TCS Healthcare Technologies (TCS), a leading provider of software and clinical solutions for the population health management arena, is pleased to announce the release of **ACUITY Advanced Care™** (**ACUITY**) version 7.20.

ACUITY 7.20 has an enhanced user interface, improved performance and many other new features. In addition, TCS has also launched **ACUITY Complete Care** and **Acuity Connect**. The company will be hosting a complimentary three-part webinar series providing an overview of **ACUITY** 7.20, **Acuity Connect** and **ACUITY Complete Care**.

"We at TCS understand both ends of the care management spectrum, as well as the needs of nurses and care managers," says Deborah Keller, RN, BSN, Director of Client Services at TCS. "Having both clinical and technical expertise really differentiates us from our competitors."

The upcoming three webinars will delve into the features of the case management software suite, as well as the advantages of automation and how **ACUITY** supports the specific needs of case, utilization, disease and population health management programs.

- **Session I**: **ACUITY Advanced Care** Version 7.20
    - **Date & Time**: 1:30–2:30 p.m. ET, March 18, 2015
    - **ACUITY Advanced Care** 7.20 boasts an enhanced user interface including improved workflow management tools and increased security controls to support HIPAA and HITECH compliance.
