**TCS Healthcare Technologies Releases ACUITY Complete Care  
Complimentary Webinar to Explore Cloud-Hosted Care Management Software Application**

**Auburn, CA / PRWeb / May 5, 2015** – TCS Healthcare Technologies (TCS), a leading provider of software and clinical solutions for the care management and population health arenas, is pleased to announce a webinar focusing on the cloud-hosted care management software application **ACUITY Complete Care**. This tool is designed for organizations seeking a hosted solution that desire standards-driven workflow configuration, supporting case and utilization management activities.

The webinar, scheduled for May 13, 2015 at 1:30 p.m. ET, will be led by Jeff Frater, RN, BSN, Director of Partner Development at TCS. It will explore the cloud-hosted software application and highlight the benefits of standards-driven workflows. To register, click [here](#).

**ACUITY Complete Care** provides most of the same rich care management features as TCS's **ACUITY Advanced Care** application. Other features include:

- Standards-driven configuration
- Patient-centric system: a 360° patient overview
- Business rules automated task and workflow management
- Interface with MCG (formerly Milliman Care Guidelines)
- HIPAA compliant and ICD-10 ready
- Supports NCQA and URAC standards
- Standard reports
- Ad hoc reporting
- CPT, ICD 9, ICD 10 and HCPC codes

This is the final webinar in a three-part series. To register, click [here](#).

The first webinar in the series took place on March 18, 2015 and focused on **ACUITY Advanced Care Version 7.20**. To access the webinar recording, please click [here](#).

The second webinar discussed **Acuity Connect** and was hosted on April 15, 2015. To access the webinar recording, click [here](#).

Each presentation explores the features of the care management software suite as well as the advantages of automation and how **ACUITY** supports the specific needs of case, utilization, disease and population health management programs.

According to TCS Founder and CEO Rob Pock, “We have a passion for care management, which means working with clients throughout the implementation process to provide training, configuration and interfaces that ensure the technology, processes and clinical content meet their needs.”

To find out more about these webinars, visit [www.tcshealthcare.com](http://www.tcshealthcare.com) or click [here](#) to register. A Q&A session will follow each webinar, so don't miss this opportunity to learn more about this premier case management software application.

To learn more about TCS and its suite of care management software products and services, contact Jeff Frater at (530) 314-7073 or [jfrater@tcshealthcare.com](mailto:jfrater@tcshealthcare.com).
